

Hello from Mrs Callender!

I was born and raised in Surrey. I was fortunate to teach for nine years in Bisley Primary School with an inspiring head teacher who encouraged my love of walking and wild flowers. My training as a Forest School leader at St. Mary's allows me the opportunity to take my class outside every week and provide them with wonderful opportunities for a whole range of learning experiences. Learning outside the classroom is an essential part of early year's education. As a teacher I can help inspire and enthuse children by building on their inborn sense of wonder about the natural World.

I have five children and lead a busy and rewarding family life. We all love walking and often go for long walks on the South Downs together. Two of my boys live in London and we regularly meet up to visit the latest art exhibitions.
