

Hi, I'm Mrs Farrant and I have been teaching at St Mary's in Year 4 for just over three years. In school I particularly like teaching Science, History, Geography and I enjoy reading as I am very much an avid reader. Previously, I have taught in other year groups and worked extensively in Early Years.

At home, I have four grown up children: my eldest son is a doctor who works in a local hospital, my two daughters are teachers (one training), and my youngest son is completing a master's degree at Surrey University. Now that my children have nearly all left home, we have two dogs, both spaniels, which I love to take on long walks with my husband along our local beach. My hobbies include swimming, hiking and travelling as much as I can in my free time.
