

'Sensational Senses' Homework Grid- Autumn 2
India and Australia

Please complete one activity from the grid below each week. We can't wait to see your learning.

<u>Music</u> Find something around your home which could be used to create the sounds of Antarctica. 	<u>English</u> Stand outside with your eyes closed, then write down what you can see and smell. <u>English</u> Make a poster showing your favourite and least favourite smells, sounds, sights, textures and tastes	<u>Maths</u> Make sure you are practising your number facts on Numbots/TTRockstars. We will be giving prizes to the children who have logged on the most this half term! 
<u>Science</u> Carry out an experiment! Covering your eyes, taste some food and guess what it is and describe the taste. If you want, explore whether or not holding your nose makes a difference to the taste.	<u>Art</u> Pretend you are the sea. Draw what you can see, hear, taste and smell? 	<u>PE</u> Set yourself a timer for 1 minute and see how many goals you can score. You could ask a friend or grown-up to be the goalkeeper to challenge yourself even more! Visit Cosmic Kids Yoga on YouTube and complete one of the yoga adventures. https://www.youtube.com/@CosmicKidsYoga
