

'Bright Lights, Big City' Homework Grid- Summer 1
Australia and India

Please complete one activity from the grid below **each week**. We can't wait to see your learning.

Geography

Design your own city - think about the human and physical features you might include. Draw a picture of your city and label it.

English

Take your teddy to a local city and write a diary entry to show what they got up to!

OR

Imagine your teddy went on a tour of your imaginary city. What will they see? What will they do?

Maths

Make sure you are practising your number facts on Numbots. We will be giving 25 Dojo points to the most frequent users each week.

Science

What is the weather like?

Track the weather over a week. You could record your observations using drawings or descriptions. How does the weather change as we move into summer?

_____ 's weather observation

Directions: Mark the weather for one week. Complete the chart each day. Use the symbols for the type of weather you observed. Label the type of weather each day.

Monday	Tuesday	Wednesday	Thursday	Friday

Art

Make a city scape - you could use whatever materials you wish!

RE

Write a prayer based on one of this half term's values at school. This half term, we are focusing on:

Faith
Trust
Truthfulness

Dear God,

...
