

## **Hello from Miss Turner!**

I joined St Mary's in 2014 and spent my first three years in Thailand Class before moving to USA in September 2016. I am currently enjoying my roles of Humanities Coordinator and organising the Eco-Council. I am looking forward to introducing an Eco-Club this term to develop further awareness of environmental issues in and around school.

Outside of school, I enjoy swimming, visiting the theatre, travel and reading. I have a keen interest in Rugby and try to visit Twickenham to support England and Harlequins each season. I have recently adopted an energetic rescue cat who keeps me entertained!

One of my most memorable experiences to date was my role as a Games Maker at the Paralympics in London in 2012.
