

David Shepherd

Hello! My name is David Shepherd (spelling as in sheep) and my daughter is at St Mary's. I am currently Chairman of the Governors, which is a challenging but rewarding role. I have specific responsibility for overseeing the Science aspect of the curriculum at school. I also sit on the Finance and Buildings (Health & Safety) sub-committees, chairing Buildings, largely due to the experiences I bring from my day job in housing development.

I devote what spare time I have to photography and trying to keep the garden tidy, and am a passionate supporter of a certain football team (which, in the interests of impartiality, I won't name!).
