

## **Hello from Miss Field!**

'If you have good thoughts, they will shine out of your face like sunbeams and you will always look lovely.' - Roald Dahl

As the teacher in Thailand Class, I feel fortunate that I visited this beautiful country during my gap year. I experienced the culture of Thailand whilst seeing some amazing sights, riding on elephants and visiting Buddhist temples. I also qualified as an Open Water Diver and thoroughly enjoyed exploring the Gulf of Thailand.

At university, I studied Psychology and was fascinated by human development and behaviour and so undertook a PGCE with a specialisation in teaching children ages 3-7 years old. I am a happy individual and I aim to have an enthusiastic buzz in my classroom. As a teacher the most important thing to me is that each and every child in the class is happy and loves school.
