

# Early Years' Newsletter Autumn Term 2018

❖ Early in the term we harvested pumpkins that had been growing in the school grounds and we made pumpkin soup.

❖ We have a fantastic interactive board and we have been using it a great deal during our lessons.

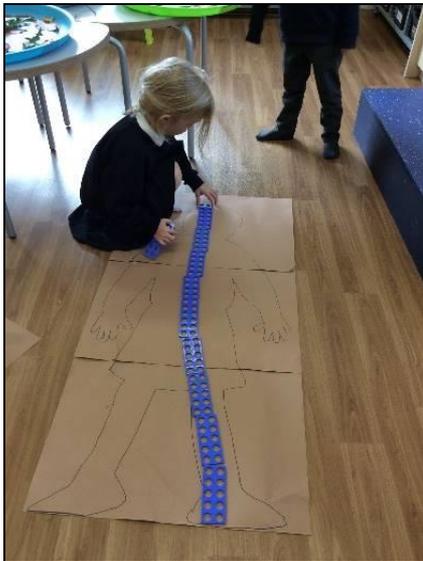

❖ We have been enjoying the warm weather and have been playing outside.

❖ We have been making up our own stories based on the Gingerbread Man and we have been doing lots of activities.

❖ We have been using Numicon for counting and measuring.

❖ We have been doing 'Write Dance' to strengthen our fingers.

❖ The Fire Service came to visit us. They told us all about fire safety. We tried on their uniforms and helmets and then we made our own fire engines from recycled materials.

❖ At Forest School we've been:

- making Autumn pictures from materials that we've found around the school grounds
- making wooden pendants using the saw horse and crowns made from autumn leaves
- working with clay to make model snails from conkers
