

## Week 12

### L.O: draft and write a newspaper report

**Activity 1:** We are now going to finish off our newspaper reports by writing our final paragraph; a conclusion telling our readers what might happen next.

We know from the book that Michael and Stella wash up on an island. Do you think that they will be found? Who do you think will find them? Is it possible that they might find their own way to escape?

Use your ideas to write the conclusion, finishing with a rhetorical question.

**Activity 2:** If you would like, you can now write up your report in neat with the usual newspaper formatting. You can handwrite this or use the template attached separately to help you.

Aside from your heading and the article that you have written, you will also need to include a picture with a caption underneath describing what is happening.
