

Dear Prospective St Mary's Family,

Welcome to St Mary's CofE (Aided) Primary School! Thank you very much for taking the time to get to know our school as you are about to make an important decision for your child. As a parent myself, I know how important this is as all you want is to find the best school for your child.

Our pupils love coming to St Mary's and they will talk about the fun, memorable, active learning experiences that they have every day. We are truly blessed as a school with enthusiastic and committed teachers and support staff, who offer high quality learning to the children. We offer a range of resources such as iPads, Macbooks and laptops, an outdoor classroom, onsite swimming, teaching assistants in all classes, sports provision, specialist provision for PE and modern foreign languages. The use of an outdoor swimming pool with trained swimming teachers, large school grounds, close regular links with the church, an outdoor classroom that focuses on science opportunities and renewable energy to support it as well as regular professional development for all our staff based on what the children need in our setting and a dedicated PTA that give above and beyond to ensure the children get the very best. In the year before COVID, they raised over £25,000, which has been reinvested in the children in our school.

The children have a voice in our school in the School Council and Eco Council where they share their thoughts and aid school development. They comment that the learning is fun and engaging and there is always something going on in school, that the topics that we learn about help them to be an expert in what they learn, they spend time outside learning and they love Forest Schools, their teachers care about them and help them move forward in their learning.

We believe that the pupils, to be successful, should be provided with a broad and balanced curriculum which engages them, develops them as individuals and enables them to flourish.

Your collaboration and participation in the education of your child is key to his / her success with us as we work together. St Mary's is blessed to have parents that are so supportive of each other and the school.

We have put a video on our website which shows our school and some of the things that we do. We realise that you may have individual questions and we will be happy to answer queries that you may have.

We look forward to meeting you in person when the times allow.

Mrs Samantha Copus  
Headteacher
